THE CONCEPT

The Board Walk is an initiative that has been created to nurture the development of aspiring directors who are currently in senior management positions and help them to unlock their future potential. It aims to expose these individuals to existing directors (both executive and non-executive) and partners during an interactive networking breakfast that will encourage meaningful engagement and dialogue.

THE NAME

The Board Walk paints the picture of a promenade or walkway and it holds the underlying meaning of the bridge that an aspiring director needs to cross to become “Board-ready”, as well as the journey that needs to be embarked upon.

As they take their first steps down this path of opportunity, these aspiring directors will benefit from those already sitting in the higher echelons of corporate South Africa to offer their guidance and share their insights and challenges.
