BoardEx

Gender balance on teams achieves better outcomes. **OUR ULTIMATE GOAL IS PARITY BUT OUR MINIMUM UK OBJECTIVES BY 2023 ARE:**

**Beyond 30% representation of women on all FTSE 350 boards, to include one person of colour**

We support the Parker Review goals for at least one person of colour on every FTSE 350 board - in addition, we advocate for gender balance with half these seats going to women, creating 175 board seats for women of colour.

**Beyond 30% representation of women on all FTSE 350 Executive Committees, to include one person of colour**

With half these roles going to women, creating 175 ExCo roles for women of colour.

**Beyond 30% of all new FTSE 350 Chair appointments to go to women between 2020 and 2023**

# OUR MISSION

True balance is  
our end  
goal

We support diversity in its very broadest sense and while gender has been our starting point, we fully realise that considerations of ethnicity, disability, sexual orientation, socioeconomic background and beyond are all part of the journey - and that gender identities are themselves evolving rapidly. We also fully appreciate that 30% is a pivotal point, but it is not the finish line.

WHO WE ARE

# LEADERS LEADING BY EXAMPLE

We are a group of more than 1,000 Chairs and CEOs taking action to increase gender diversity on UK boards and senior management teams.

The 30% Club campaign was set up by Dame Helena Morrissey in 2010 with the aim of achieving a minimum of 30% female representation on FTSE 100 boards. That original target was reached in September 2018 and good progress has been made since then, but there is still much more work to do to achieve better gender balance at the top of businesses.

Now under Ann Cairns' leadership, our energies remain concentrated on supporting more women into senior roles, both executive and non-executive, and to encouraging organisations to foster truly inclusive cultures - cultures that embrace women who look, act and, importantly, THINK differently - so that they can reach their full potential to positively impact their people, their markets and their communities.

## OUR APPROACH

# THE BUSINESS CASE FOR DIVERSITY IN SENIOR ROLES IS CLEAR

The business case is clear – a higher standard of corporate governance, improved financial performance and enhanced capacity to attract and retain female talent.

Diverse teams make better decisions: McKinsey research continues to show a significant link between diversity and financial performance, with companies in the top quartile for gender diversity 25% more likely to outperform their national industry median EBIT margin than their bottom quartile peers; likewise companies in top quartile for ethnic diversity are 36% more likely to financially outperform their peers (*Diversity Wins, McKinsey & Company, 2020*).

Similarly Credit Suisse found that companies where women made up at least 15% of senior managers had more than 50% higher profitability than those where female representation was less than 10% (*CS Gender 3000: The Reward for Change, Credit Suisse, 2016*).

One woman is not enough: 30% is the proportion when the contributions of a member of a minority group are valued in their own right. Research suggests that a critical mass of three or more women can cause a fundamental change in the boardroom and enhance corporate governance.

BEYOND 30% REPRESENTATION OF WOMEN ON ALL FTSE 350 BOARDS BY 2023, AND TO INCLUDE ONE PERSON OF COLOUR

## OUR BOARDROOM GOAL

September 2019 saw women’s representation on FTSE 350 boards reach an average of 30% for the first time in history. While we celebrate this milestone, this target was a minimum and there is still much work to do, not least of which on ethnic representation – only 178 board positions in the FTSE 350 are held by directors of colour, with just 77 of those positions held by female directors of colour (*Parker Review, November 2020*). Furthermore, there are still 78 FTSE 350 companies at less than 30% women on boards (as of 4 August 2021). But as of February 2021, there is at least no FTSE 350 company with an all-male board and the number of all-male ExCos is falling (96 as of 4 August 2021).

Percentage of women on FTSE 350 boards

# BEYOND 30% REPRESENTATION OF WOMEN ON ALL FTSE 350 EXECUTIVE COMMITTEES BY 2023, AND TO INCLUDE ONE PERSON OF COLOUR

## OUR PIPELINE GOAL

With just 22.3% of FTSE 350 Executive Committee roles currently (as of 4 Aug 2021) held by women, achieving at least 30% by 2023 represents a significant but achievable challenge.

Driving progress will require ongoing investment from CEOs and leadership teams in developing the pipeline of female directors. It will also require demand by investors, leadership from board chairs, commitment by nominations committees and action from head hunters, and of course it also requires ongoing investment from CEOs and leadership teams in developing the pipeline of female directors.

## INVEST OR GROUP

Statement of Intent

As listed owners and asset managers we are responsible for the above-riding of investments we make on behalf of our members and clients. Part of that responsibility includes the oversight of the boards of our investee companies. We believe boards that actively embrace cognitive diversity, as manifested through appropriate gender representation and a broad spectrum of age and experience, are more likely to arrive better solutions for investors. There is increasing research to support this proposition.

As investors, we support the vision of the 30% Club which is "to achieve a minimum of 30% female on boards."

### DISCLOSURE EXPECTATIONS

As part of our overall governance strategy and reports, we will actively engage and request boards including the prior disclosure to the board.

To provide insights with our members in timely updates, we will request the disclosure, and to the best possible extent, we will share the information with our clients.

### ENGAGEMENT

We will actively engage with the boards of our investee companies to ensure that our clients and members are kept informed of our progress.

We will also provide our clients with the information they need to make informed decisions.

We will continue to work with our members to ensure that our clients and members are kept informed of our progress.

## DR TOOLKIT AGING ON DIVERSITY

### THE BOARD'S ROLE IN DIVERSITY

Companies that value diversity of thought, skills, experience, gender, ethnicity, and professional background are more likely to achieve superior financial performance and to attract and retain top talent. The board of directors plays a critical role in ensuring that diversity is embedded in the organization's strategy and culture. The board should ensure that diversity is a key focus of the organization's strategy and that the organization is committed to achieving its diversity goals. The board should also ensure that the organization is transparent about its diversity efforts and that it is held accountable for its progress.

## BARRIERS TO PROGRESSION

The reasons Chairs and Non-Executive Directors (NEDs) use as to why they can't or won't appoint female directors to their boards.

This booklet has been compiled from conversations that our 30% Club Education Working Group members and other female non-executive directors associated with the 30% Club have had with listed company chairs and non-executive directors as to why they can't/won't appoint female directors to their boards. These were common reasons, heard at different times by all of the contributors.

All of the reasons reflect a belief that women represent the best directors or can't contribute effectively. Yet in reality, there is a lack of understanding of the benefits of a business benefits of gender diversity and a lack of understanding of the reasons for gender diversity and a lack of understanding of the reasons for gender diversity. The reasons provided here have been heard by our members and are not intended to be an exhaustive list of reasons for gender diversity. The reasons provided here have been heard by our members and are not intended to be an exhaustive list of reasons for gender diversity. ## SHAPING THE BOARDS OF THE FUTURE

Succession planning, board evaluations and term limits

### WE HAVE NOT COMPLETED SEARCH TO HAVE NO DANGERS FOR FUTURE

One of the reasons given for Chair and NEDs not appointing women to their boards is that they have not completed a search. This is a common reason for not appointing women to boards. The reasons provided here have been heard by our members and are not intended to be an exhaustive list of reasons for gender diversity. The reasons provided here have been heard by our members and are not intended to be an exhaustive list of reasons for gender diversity.

## HOW IT WORKS

# SHARING RESOURCES AND COLLABORATING

The 30% Club complements and amplifies individual company efforts as well as those of similar existing groups and initiatives through measurable goals and broad collaboration. We're stronger together – what matters is delivering progress.

There is no financial commitment to becoming a member\*; the 30% Club campaign is driven by our Steering Committee and Working Groups that are made up of senior directors and executives who volunteer their time and skills to help direct efforts.

The Working Groups are primarily focused on influencing change by working with investors, the government, the media, as well as Chairs, CEOs, HR Directors and Strategy Directors.

\*There is a charge for the mentoring programme by delivery partner Moving Ahead

FOCUSING OUR EFFORTS

# INFLUENCING IN THREE KEY AREAS

## **Companies**

By signing up Chairs and CEOs to set a 30% target at board and senior management levels, as well through our Executive Search, Race Equity and Climate Change Groups and our Cross-Company Mentoring scheme for women and people from minority groups with leadership potential..

## **Public Policy**

Through interaction with relevant government departments, task forces and regulators.

## **Investors**

Through our UK Investor Group which looks to co-ordinate the investment community's approach to diversity. Made up of asset owner, asset manager and charity members, the Group represents £11 trillion of global assets. It constructively engages with FTSE350 companies to improve gender and race balance as a strategic and economic imperative.

# A COHESIVE APPROACH

## OUR GLOBAL CHAPTERS

# A FOUNDATION TO BUILD ON

With chapters in 18 countries/regions, the 30% Club is approaching this issue on a global scale. Each chapter believes in diversity as a driver of business growth. You can join individual chapters or as a global member.

WHAT YOU CAN DO

# SUPPORTING THE 30% CLUB

We encourage individuals and organisations to support our work and help us in our quest to increase the number of women on company boards and at senior management level.

- Become a Chair or CEO Member (please check UK webpage for criteria)
- Call upon your own organisation to introduce targets for women in leadership
- Share information on the 30% Club with your colleagues and networks
- Encourage lagging companies to improve their diversity efforts
- Host events for the 30% Club
- Join in the conversation by tweeting @30percentclub
