A pioneering UK-wide and global cross-company, cross-sector mentoring programme led by the 30% Club and delivered by mentoring, diversity, inclusion and development experts at Women Ahead.

Launching for its eighth consecutive year in November 2020, the 30% Club cross-company mentoring programme is a proven, practical and powerful way to achieve greater gender balance at senior levels within organisations, as well as delivering on gender pay gap reporting, and broader diversity and inclusion goals.

Since 2014, the 30% Club cross-company mentoring programme has supported

- more than 9,000 mentors and mentees across 220 organisations in 30 sectors

"It’s opened up a new world for me and helped me step forward as a leader."

Jo Melanophy, Team Leader, Chief Executive’s Directorate, Environment Agency and 30% Club Programme Partner for seven years across 90 mentoring pairs.
The programme is designed to support and develop a broader pipeline of women attaining senior leadership roles. The nine-month programme matches female mentees with senior male or female mentors from another organisation.

The programme also includes a series of live and virtual events that provide high touch learning and a platform for building networks. In the long-term, the goal of the 30% Club cross-company mentoring programme is to create a step-change in the number of women attaining senior leadership and board roles in their respective organisations.

**New for 2020**, Women Ahead will be delivering refreshed learning content incorporating a new perspective on mentoring and sponsorship, building a mentoring mindset and an emphasis on how to cultivate connection, embrace challenge and release creativity.

Participation can be enhanced with internal amplifier events delivered by Women Ahead, plus access to the Gender Balance Summit.
