

# BUSINESS LEADERSHIP: THE CATALYST FOR ACCELERATING CHANGE

Twitter: @30percentclub LinkedIn: 30percentclub-uk Instagram: 30percentclub

# Gender balance on teams achieves better outcomes. **OUR MINIMUM OBJECTIVES BY 2023:**

Beyond 30% representation of women on all FTSE 350 boards, to include one person of colour We support the Parker Review goals for at least one person of colour on every FTSE 350 board - in addition, we advocate for gender balance with half these seats going to women, creating 175 board seats for women of colour.

**Beyond** 30% representation of women on all FTSE 350 Executive Committees, to include one person of colour

With half these roles going to women, creating 175 ExCo roles for women of colour.

**Beyond** 30% of all new FTSE 350 Chair appointments to go to women between 2020 and 2023

True balance is our end goal

We support diversity in its very broadest sense and while gender has been our starting point, we fully realise that considerations of ethnicity, disability, sexual orientation, socioeconomic background and beyond are all part of the journey - and that gender identities are themselves evolving rapidly. We also fully appreciate that 30% is a pivotal point, but it is not the finish line.

WHO WE ARE

# LEADERS LEADING BY EXAMPLE

We are a group of Chairs and CEOs taking action to increase gender diversity on UK boards and senior management teams.

The 30% Club campaign was set up by Dame Helena Morrissey in 2010 with the aim of achieving a minimum of 30% female representation on FTSE 100 boards. That original target was reached in September 2018 and good progress has been made since then, but there is still much more work to do to achieve better gender balance at the top of businesses.

Now under Ann Cairns' leadership, our energies remain concentrated on supporting more women into senior roles, both executive and non-executive, and to encouraging organisations to foster truly inclusive cultures - cultures that embrace women who look, act and, importantly, THINK differently - so that they can reach their full potential to positively impact their people, their markets and their communities.

### THE BUSINESS CASE FOR DIVERSITY IN SENIOR ROLES IS CLEAR

The business case is clear – a higher standard of corporate governance, improved financial performance and enhanced capacity to attract and retain female talent

Diverse teams make better decisions: McKinsey research continues to show a significant link between diversity and financial performance, with companies in the top quartile for gender diversity 25% more likely to outperform their national industry median EBIT margin than their bottom quartile peers; likewise companies in top quartile for ethnic diversity are 36% more likely to financially outperform their peers (*Diversity Wins, McKinsey & Company, 2020*).

Similarly Credit Suisse found that companies where women made up at least 15% of senior managers had more than 50% higher profitability than those Where female representation was less than 10% (CS Gender 3000: The Reward for Change, Credit Suisse, 2016).

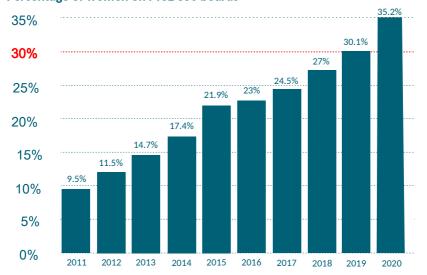

One woman is not enough: 30% is the proportion when the contributions of a member of a minority group are valued in their own right. Research suggests that a critical mass of three or more women can cause a fundamental change in the boardroom and enhance corporate governance.

BEYOND 30% REPRESENTATION OF WOMEN ON ALL FTSE 350 BOARDS BY 2023, AND TO INCLUDE ONE PERSON OF COLOUR

### **OUR BOARDROOM GOAL**

September 2019 saw women's representation on FTSE 350 boards reach an average of 30% for the first time in history. While we celebrate this milestone, this target was a minimum and there is still much work to do, not least of which on ethnic representation – only 178 board positions in the FTSE 350 are held by directors of colour, with just 77 of those positions held by female directors of colour (*Parker Review*, *November 2020*). Furthermore, there are still 94 FTSE 350 companies at less than 30% women on boards. But as of February 2021, there is at least no FTSE 350 company with an all-male board.

#### Percentage of women on FTSE 350 boards

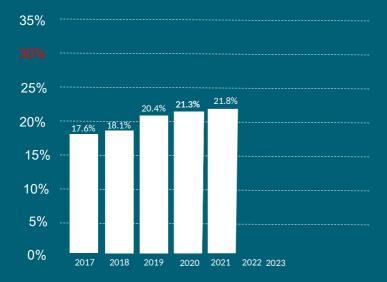

BEYOND 30% REPRESENTATION OF WOMEN ON ALL FTSE 350 EXECUTIVE COMMITTEES BY 2023, AND TO INCLUDE ONE PERSON OF COLOUR

### **OUR PIPELINE GOAL**

With just 21.8% of FTSE 350 Executive Committee roles currently (as of 3 June 2021) held by women, achieving at least 30% by 2023 represents a significant but achievable challenge.

Driving progress will require ongoing investment from CEOs and leadership teams in developing the pipeline of female directors. It will also require demand by investors, leadership from board chairs, commitment by nominations committees and action from head hunters, and of course it also requires ongoing investment from CEOs and leadership teams in developing the pipeline of female directors.

#### **HOW IT WORKS**

## SHARING RESOURCES AND COLLABORATING

The 30% Club complements and amplifies individual company efforts and existing groups through measurable goals and broad collaboration.

There is no financial commitment; the 30% Club campaign is driven by our Steering Committee and Working Groups that are made up of senior directors and executives who volunteer their time and skills to help direct efforts.

The Working Groups are primarily focused on influencing change by working with investors, the government, the media, as well as Chairs, CEOs, HR Directors and Strategy Directors.

### INFLUENCING IN THREE KEY AREAS

#### **Companies**

By signing up Chairs and CEOs to set a 30% target at board and senior management levels, as well through our HR Best Practice Group, our Strategy Best Practice Group and our Cross-Company Mentoring scheme.

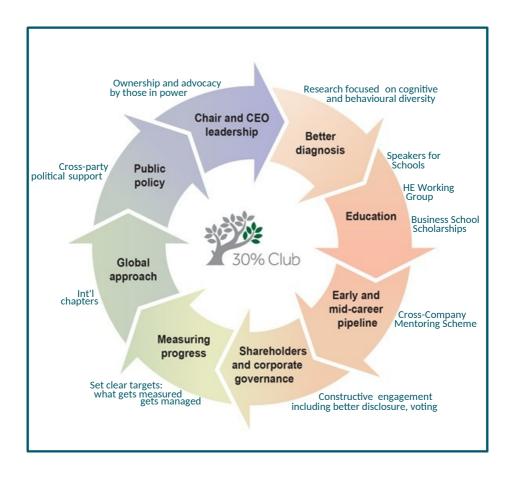

#### **Public Policy**

Through interaction with relevant government departments, task forces and regulators.

#### **Investors**

Through our UK Investor Group which looks to co-ordinate the investment community's approach to diversity. Made up of asset owner, asset manager and charity members, the Group represents £11 trillion of global assets. It constructively engages with FTSE350 companies to improve gender balance as a strategic and economic imperative.

# A COHESIVE APPROACH

#### **OUR GLOBAL CHAPTERS**

# A FOUNDATION TO BUILD ON

With chapters in 17 countries/regions, the 30% Club is approaching this issue on a global scale. Each chapter believes in diversity as a driver of business growth.

#### WHAT YOU CAN DO

# SUPPORTING THE 30% CLUB

We encourage individuals and organisations to support our work and help us in our quest to increase the number of women on company boards and at senior management level.

- Become a Chair or CEO Member (please check UK webpage for criteria)
- Call upon your own organisation to introduce targets for women in leadership
- Share information on the 30% Club with your colleagues and networks
- Encourage lagging companies to improve their diversity efforts
- Host events for the 30% Club
- Join in the conversation by tweeting @30percentclub

### **CONTACT US**

Please email Laura Whitcombe to sign up to the 30% Club or for any general enquiries: laura@30percentclub.org

Please email Laura and the Media team for any press enquiries: media@30percentclub.org
